OUR PRODUCTS

We offer a wide variety of vegetables in different presentations and packaging, adapting to the specific needs of each customer and market through an efficient and reliable supply chain.

Beefsteak or Ball Tomato

Tomato of round shape and large size, recognized for its excellent firmness, attractive red color and fresh flavor. Its consistent texture makes it one of the preferred varieties for fresh consumption. Ideal for slicing and use in various culinary preparations thanks to its uniform size and high quality presentation. It has an abundant, fleshy and juicy pulp, with an optimal water content that provides freshness and a pleasant consumption experience. It is a variety of high performance, resistant to handling and transport, with excellent shelf life and an outstanding acceptance in national and international markets due to its quality and commercial presence.
